Brilliantly fast

With faster, intelligent, multi-core technology that applies processing power where it's needed most, new Intel® Core™ i7 processors deliver an incredible breakthrough in PC performance. They are the best desktop processors on the planet. All Hanover i7 systems feature Seagate 7200rpm hard drives, and are dual-monitor & HDMI ready. All Hanover systems feature a full three-year warranty. We are authorized Microsoft System Builders. Microsoft Windows XP still available for a limited time.
